- Reference pitch selection for total tuning flexibility
- Strobe and chromatic tuning modes to suit your preferences
- Internal memory retains all settings even after power down or removal of battery
- Elegant and durable design complements all instruments
- High-quality stainless steel clip ensures secure connection for accurately detecting string vibrations
- 3-Year Warranty Program*
- Designed and engineered in Denmark

The Essential Clip-on Tuner

The new UNITUNE CLIP offers uncompromised tuning quality and versatile tuning options. With high-quality construction, fast and responsive performance and the utmost accuracy, UNITUNE CLIP is the essential Clip-On tuner for any guitarist, bassist or ukulele player!

With its elegantly simple and sturdy design, scorchingly bright display and quick responsive performance, UNITUNE CLIP is the obvious companion for serious musicians and bedroom heroes alike.

It's elegant, intuitive to use, and sure to hold up for years and years of tune-ups.

- Reliable and elegant Clip-On Tuner
- Extremely accurate Strobe tuner with ± 0.02 cent accuracy
- Ultra-fast Chromatic tuner with ± 0.05 cent accuracy

The Power Couple of Tuning Modes

UNITUNE CLIP features a light-speed chromatic tuning mode, that tunes your instrument in an instant with a scorchingly bright needle display to an accuracy of ± 0.05 cent. UNITUNE CLIP gives you an instant readout for those quick on-stage tune-ups where you don't want to hold up the gig for a bad pitch.

If precision is of the utmost importance, go for the strobe tuning mode and literally get within two cents of your note. With an incredible ± 0.02 cent of tuning accuracy, UNITUNE CLIP is at home on the back of your headstock rocking out as well as for fine-tuning.

Built To Last

UNITUNE CLIP was built with reliability and longevity in mind. The casing is molded out of a custom-made resin designed specifically to provide the kind quality and feel you would expect from a TC ELECTRONIC product.

The tough stainless steel clip is sandblasted for a safe grip when handling it and it is fitted with a tight industrial grade spring along with extra-grippy rubber pads to safely perch your tuner on your guitars headstock.

Form and Function

UNITUNE CLIP features an ultra-bright display with 108 high-powered LEDs that is easily visible anywhere from sunlit amphitheatres to pitch-black back stages. It doesn't matter which way you turn UNITUNE CLIP as it will automatically adjust itself for a quick readout.
