

HA Cablecover Click 50

Aluminium cable cover

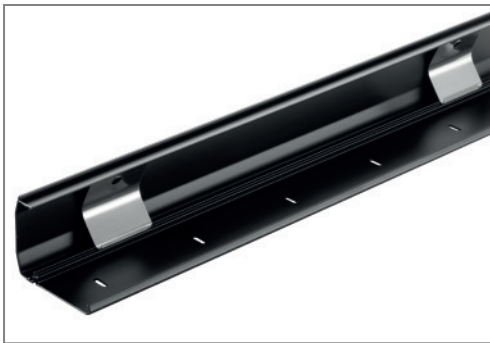

The HA Cablecover Click 50 series consists of aluminium cable covers that accommodate cables safely and orderly and keep them out of sight.

The assembly points at regular intervals on the back make mounting easier.

The simple click mechanism makes the installation easy and changes to the cabling can also be carried out with little effort.

The cable covers are available in black, silver and white.

The delivery length is 500 mm. The cable covers can be shortened individually if necessary.

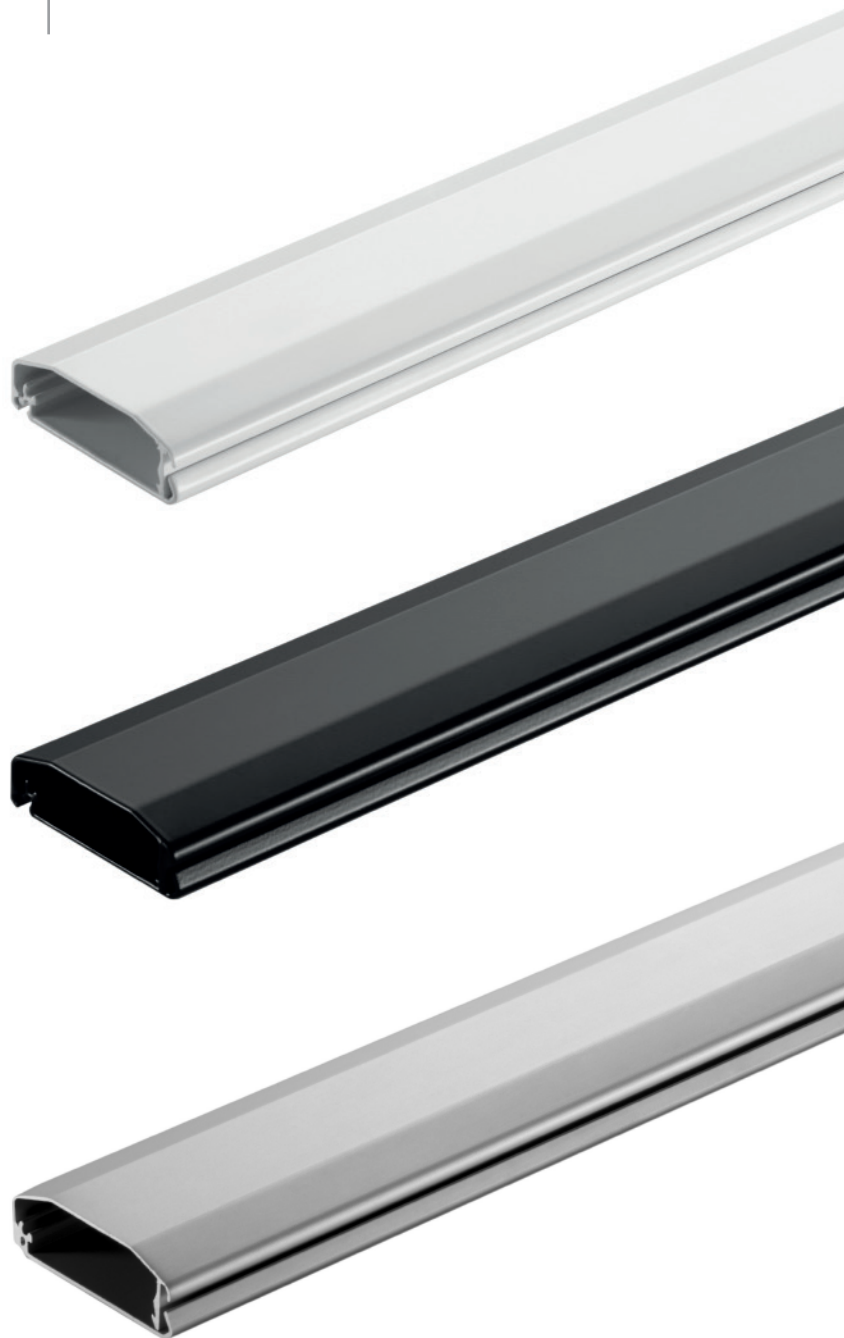

easy click mechanism

suitable for all types of cables
